

Wines Tasting Workshops

Over the course of workshops, we will be tasting wines from different regions of regions.

We will learn how to identify, recognize and differentiate between the main components of wine, judge its quality, define and clearly express our personal preferences.

During these sessions, we will learn which grape varieties and appellations best suit your tastes, and we will be able to choose the wines you like best.

These are essential assets if you want to build up a cellar or understand the main rules governing food and wine pairing.

These sessions will give you the chance to talk about wine in French and English, exchange tips on how to select the best wine to go with your meals.

In a warm and friendly atmosphere, everyone's point of view and questions will be considered to ensure that this wine course is an enriching experience.

A fun, gourmet way to learn! 6/7 people maximum each time.

You can attend one or two workshops:

➤ **“Treasures of the Loire” (March 7th) / €50**

Stretching 400 kilometers from east to west, the Loire is a wine-growing region as diverse as it is vast.

Diverse as it is vast, whether in terms of climatic conditions, topography and the styles of wine produced. Come and explore the diversity of this wonderful region that has turned its diversity into an asset! In this workshop, we'll take a meandering tour of the Loire to find out more about its wines and appellation.

➤ **The Great Rhône Wines (June 14th) / €60**

Condrieu, Côte Rôtie, Saint-Joseph, Hermitage, Châteauneuf-du-Pape... The Rhône Valley is bursting with magnificent terroirs, ideal for making great wines.

In this workshop, we set off to discover the finest Rhône appellations and its flagship grape varieties. You'll have the chance to taste some of its most prestigious wines while learning what makes them so special.
